

PRESS RELEASE

AT RENNES, 19TH OF MAY 2017

RAPID GROWTH LEADS TO OFFICE MOVE!

SmartViser moves into a brand new, state of the art building having spent more than two year developing in the historical buildings of Germanium-Gallium at Rennes, (France).

- **Offices adapted to fulfil their ambitions.**

SmartViser's team is pleased to announce that the company will continue its development in an environment adapted to its dynamism at La Pépinière Numérique:

1137A Avenue des Champs Blancs
35510 Cesson-Sévigné
France

The move strengthens the company's innovative ambition by providing a bigger working space adapted to pave the way for future growth.

- **More working space for new team members.**

Due to the increasing number of projects and a stable growth, SmartViser is looking to recruit for the following positions:

- Android and Web engineers
- Validation engineer
- Customer support
- Marketing product director

You can apply at jobs@smartviser.com

ABOUT SMARTVISER.

Founded in 2014, SmartViser is the forerunner of embedded testing solution for smartphones, tablets and networks, based on the virtual user concept. SmartViser evolves into B2B market and is dedicated to network operators, mobile manufacturers, retailers, benchmark experts and all organizations that evaluate Customer Experience, (devices and networks).

To this date SmartVisers' solutions have already conquered major telecom operators, mobile manufacturers, retailers and medias. The company's ambitions is to become the reference partner for connectivity challenges, based on its unique customer experience approach.
