

PRESS RELEASE

RENNES, 9TH JUNE 2016

MOTS, THE MEXICAN SERVICES COMPANY BECOMES THE EXCLUSIVE DISTRIBUTOR OF SMARTVISER' SOLUTIONS FROM MEXICO TO CHILE.

Mots believes in Smartviser's potentiel, this is why they become partners to propose smartviser' solutions in Latin America.

The ambition of Mots : to propose the best testing solutions.

Founded in 2010 in Guadalajara, Mots is based in the heart of the Mexican Silicon Valley. Their objective is to bring their knowledge in the smartphones area and their expertise about testing services in Mexico and Latin America.

Smartviser and Mots share commune values to focus on their customers.

Through their activities, both companies join their knowledge and experiences to propose the best testing solution about the validation of mobile devices. The shared objective is to be the best partners in testing solutions.

Concrete opportunities in Latin America.

From Mexico to South Chile and Argentina, the telecom and innovation sector is growing all over South America. **In 2011, 22 billions dollars were invested. The growing sector has already hired 250 000 people in Latin America.**

Smartviser confirms its international presence.

After a first contract signed in March in Northern Europe, Smartviser continues to concrete its international development. Unite with the trusted company Mots, Smartviser for an international development as it's best.

About Smartviser.

Founded in 2014, Smartviser is the forerunner of embedded testing solution for smartphones, tablets and networks, based on the virtual user concept.
