

SMARTVISER SIGNS A CONTRACT WITH MOBIWIRE AND BECOMES THE REFERENT EXPERT AND PROVIDER OF AUTOMATED TESTING SOLUTIONS OF THE FRENCH MANUFACTURER.

SmartViser continues to conquer key leaders of mobile telephony market by signing a contract with the French manufacturer MobiWire.

Founded in September 2014, **SmartViser** is **specialized in automated testing solutions** for smartphones, tablets and networks thanks to its virtual user concept. With this contract SmartViser continues to make a positive impact in the industry.

Indeed, in order to propose the most suitable offers to the growing needs of the market, SmartViser proposes its expertise and flexible innovation to fit the needs of every key actors of mobile telephony market as operators, manufacturers, retailers and benchmark experts. This is how step by step **SmartViser has convinced MobiWire.**

Sagem's heir, MobiWire, referent provider of operators, is concerned to **increase the quality** of their devices in order to offer the **best experience** for the **daily usage of the customers**. To continue to propose the best quality, MobiWire has selected the **"Validate"** offer to optimize the launching of their products. The French manufacturer can ensure the best user experience and quality while improving the performance of the devices at the best price, which respects the principle of **"Smart Purchase"** dear to MobiWire.

Thanks to the flexibility of Smartviser's offer, **MobiWire keeps control on its tests protocol** while taking advantage of Smartviser's innovation in the testing activities. This way MobiWire generates automatically pre-configured or tailored routine scenarios.

- This contract demonstrates the expertise and understanding of the problematics met by manufacturers. By anticipating customers' needs SmartViser ensures its position of forerunner of automated testing solutions

Several French and international operators already trust SmartViser but this collaboration with MobiWire opens the way for manufacturers that wants to adopt the test protocol expected by operators, which facilitates the business success of their products.

ABOUT SMARTVISER.
